LIBRARY STATISTICS

LIBRARY STATISTICS

Fiscal Year 1984-85

The New Mexico State Library is required by statute to collect data from all libraries in the state. The statistics in this document were taken from the 1984-85 annual reports of the public, community, academic, special and institutional libraries. In addition, State Library program statistics are included. 1980 Census data has been used in this report and has served as the basis for all per capita figures.

The help of librarians who have completed reports and made useful suggestions is gratefully acknowledged.
